

The Dual Line Compensation Plan...

...is based on the simple two team building concept — a left side team (leg) and a right side team (leg). Since there are just two teams to build, this creates excitement as new Members join, one after the other, down team lines, helping more people benefit from the volume and creating greater leverage within the plan. This allows you the opportunity to earn commissions not only on your personal sales but also the sales made by other people that fall under you — no matter who makes the sale, even if they're placed under you by your upline!

When you enroll as a Member and place an Autoship order for at least one Vemma Nutrition Program you will receive access to your back office and a free marketing website. All enrolling is done through this marketing website. You will automatically be placed in one of your Enroller's two teams. Then, you can concentrate on inviting people to visit your site and begin building both of your teams. As soon as you qualify your business by enrolling at least one active member on each of your left and right sides, you are then eligible to earn Team Building income.

Best yet, the Vemma® Compensation Plan pays out a true 50% of the Commissionable Volume (CV) weekly, so you have the opportunity to get paid every week! Your monthly Autoship order will activate your membership for four (4) weeks including the volume week in which the order is placed, plus a one-week grace period.

Vemma features two ways to earn!

Cycle Bonus

Qualifications: Active with 120 QV and Qualified (two personally-enrolled active Members, one in each leg).

At the end of each volume period (week), Vemma searches down your left and right teams (legs) and whenever three sales (180 QV) in one leg and six sales (360 QV) in the opposite teams occur (sides can switch back and forth), Members are eligible to earn a Cycle Bonus of approximately \$22 - \$26 USD.

In order to calculate the highest possible cycle value payout, Vemma will set aside 46% of the commissionable volume (CV) to the cycle value each week. The weekly cycle value will be determined each week based upon total sales.

Presidential or above Members are required to maintain a specific personally enrolled downline structure to receive 100% of their cycle earnings. Please refer to the Rank Advancement section for structure requirements and timeline details.

Members will not be eligible to receive most earnings until they have qualified their membership by having a 120 QV Autoship on file and one active Vemma Member on their right side and one active Vemma Member on their left side whom they personally enrolled. Members will be able to accrue volume in their profit leg if they are qualified. However, if an active member has four (4) consecutive weeks of non-qualification, the volume in their profit leg only will flush. For every consecutive week after the four-week flush that they continue to not qualify, no volume will accumulate on the profit side. Any sales that they have in the power leg of their organization will remain there until they have qualified their membership as long as they are active. Members can accumulate or bank a maximum of 2,000,000 CV in their power leg.

Members below the rank of Platinum are considered active if they have an active Autoship base order with a 60 QV minimum order every five weeks. Platinum and above Members are considered active if they have an active Autoship base order with a 120 QV minimum order every five weeks.

If they have four (4) consecutive volume periods (weeks) in which they are not active, all accumulated volume in both legs will flush.

At the end of every corporate 52 week period, all power leg volume in excess of fifteen (15) times the total amount of the member's most recent four-week profit leg volume will be flushed, if that member was enrolled prior to week 27. Members enrolled during or after week 27 will not flush until the following year. At the start of Week 1, all Power leg volume exceeding the set threshold will be flushed. The threshold is equal to 150,000 QV or fifteen (15) times the Profit leg volume generated during weeks 49-52, whichever is greater. The most recent four week Profit leg volume is defined as any and all generated volume that occurs in Member's Profit leg during weeks 49 through 52.

After 24 consecutive weeks without activity, the membership will be terminated.

Cycle Earnings Levels

The cycle earnings levels only apply to the Cycle Bonus and do not affect any other areas of income in the Vemma Dual Line Compensation Plan. A Member has twelve (12) weeks to upgrade their account before their earnings level is locked in for that position. The cumulative Personal Volume (PV) from all packs purchased within the first ninety (90) days of Membership will determine the earnings level established for the account. Once they reach the maximum cycle level earnings on that position for four consecutive weeks, they will be given one new position above their maxed position. That position will have the same earning level limit, unless they purchase an upgrade package for that position. Up to two positions maximum are allowed per Member, four individual positions per married couple.

Earnings Level	QV range	Or Builder Pack
\$1000 USD per week/\$52,000 USD per year	0-349	N/A
\$3000 USD per week/\$156,000 USD per year	350-499	Builder Pack Starter
\$10000 USD per week/\$520,000 USD per year	500-999	Builder Pack Silver
\$25000 USD per week/\$1,300,000 USD per year	>1000	Builder Pack Gold

Earnings Level	QV range	Or Builder Pack	Rank
\$30,000 per week/\$1,560,000 USD per year	N/A	N/A	Star Royal Ambassador
\$35,000 per week/\$1,820,000 USD per year	N/A	N/A	Pinnacle Leader

By purchasing the Builder Packs, you automatically qualify for Silver Rank (10,000 per/week) resp. Gold Rank (25,000/per week).

This rule concerns purchasing of Premix Builder Packs as well as when purchasing Verve Builder Packs.

NOTE: Cycle earnings level upgrading system applies to all markets where Vemma is open.

Enroller Matching Bonus

Qualifications: Active with 120 QV and Qualified (four personally-enrolled active Members, one in each leg, two anywhere)

The Enroller Matching Bonus pays Enroller 10% on all of their personally-enrolled Members' Cycle Bonus earned amounts. If a Member does not meet the eligibility requirements to earn it, the Enroller Matching Bonus will compress to the first eligible upline Enroller.

Second Tier Matching Bonus

Qualifications: Active with 120 QV and Qualified (six personally-enrolled active Members, one in each leg, four anywhere).

Not only can Members earn on the people that they personally enrolled, but they are eligible to earn a 10% matching bonus on all of their personal enrollees' personally-enrolled Members' Cycle Bonus earned amounts. By earning a certain number of cycles in a four-week period, Members can achieve various ranks and be recognized as a Leader!

Pin	Leader Rank	Number of cycles in a four-week period
N/A*	Bronze	1
	Silver	5
	Gold	10
	Diamond	20
	Platinum	50
	Star Platinum	75
	Executive	100
	Star Executive	175
	Presidential	250
	Star Presidential	375
	Ambassador	500
	Star Ambassador	1000
	Royal Ambassador	2000
	*Star Royal Ambassador	4000
	**Pinnacle Leader	6000

*In addition to earning 4000 cycles in a 4-week rank advancement period, to be paid as a Star Royal Ambassador member must have two (2) Presidential enroller legs on each side.

**In addition to earning 6000 cycles in a 4-week rank advancement period, to be paid as a Pinnacle Leader member must have three (3) Presidential enroller legs on each side.

Elite Balanced Building Requirements

Effective December 1, 2007, Balanced Building requirements apply to Vemma Members who are "paid at" Presidential rank or above. Affected members will be required to maintain a specific minimum structure within their personally enrolled downline on both sides of their organization to continue to receive 100% of their Cycle Bonus and Global Bonus Pools share earnings. All contributions from each week are used to increase the company wide cycle point value in future weeks.

Vemma Elite Structure Requirements:

Timetable for Vemma Elite at current rank prior to December 1, 2007:

Elite Member "Paid as" Rank	Personally Enrolled Downline Rank requirement*	Date by which requirements must be met	% of cycle bonus withheld if not met**
Presidential / Star Presidential	Star Platinum or Above	March 27, 2008	10%
Ambassador / Star Ambassador / Royal Ambassador/Star Royal Ambassador / Pinnacle Leader	Star Executive or Above	September 25, 2008	20%

Timetable for new Elite Members who achieved their current Vemma Elite Rank after December 1, 2007:

Elite Member "Paid as" Rank	Personally Enrolled Downline Rank requirement*	Time in which to meet requirement after Elite rank achieved	% of cycle bonus withheld if not met**
Presidential / Star Presidential	Star Platinum or Above	12 weeks	10%
Ambassador / Star Ambassador / Royal Ambassador / Star Royal Ambassador / Pinnacle Leader	Star Executive or Above	24 weeks	20%

*Personally enrolled downline rank refers to any member in your enrollment downline.

**If you do not meet the Balanced Building requirements for your 'paid as' rank and you do not meet the requirements for a lower rank, the contribution will be at the higher percentage. For example if someone is paid as Ambassador and does not meet Balanced Building requirements for Ambassador and Presidential ranks by their deadline, the total percentage withheld will be 20%. Those members paid at Ambassador and higher rank who meet the Presidential Rank requirements, but not the Ambassador Rank requirements will contribute 10% of their Cycle Bonus earnings.

These requirements are individual and not cumulative. For example if someone is growing quickly and reaches Presidential and then advances to Ambassador rank the next 4-week qualifying cycle, that does NOT waive the 12 weeks to develop a Star Platinum. Additionally, the clock will start for the Ambassador requirement 24 weeks from that rank advancement date.

PLEASE NOTE: Maintaining the leader ranks in both legs means that although a member may meet the qualified pin requirement if the qualified level is not MAINTAINED on a monthly basis member will be treated as if the level was not attained and forfeit the corresponding portion of their cycle bonus income until it becomes qualified again. This new membership you'll build to the Star Platinum level and beyond, cannot be a spouse, any other family member or business entity that would fall into the 'dual interest' category.

Glossary of Terms

CV/QV

Equal in the Vemma plan, both CV and QV are the value associated to the specific product that allows you to build cycles and earn bonuses.

Enroller

When you introduce a new person to the Vemma opportunity and sign them up, you are the Enroller. Your Enroller is the person who introduced you to Vemma.

Sponsor

The term sponsor refers to the person immediately above you in the tree structure. You are the sponsor of the two people immediately below you.

Autoship

Autoship is a recurring monthly order that is delivered to you each month saving you the trouble of having to call in or go online.

Each membership must be qualified to earn bonuses. You qualify your membership by being Active with 120 QV autoship and personally enrolling one Member on your left side and one Member on your right side, each with a minimum 60 QV order.

Active

In order to be considered active, you must have an active Autoship base order with a 60 QV minimum order every five weeks.
